# THE GIANT MASTODON EVERBEARING

Plant this nationally known Everbearing this spring and pick ripe strawberries from early July until winter. The King of the Everbearing.

You will have crop insurance with the biggest crops and the quickest profits from the least amount of ground. 1,000 Mastodon plants have brought our customers from \$60.00 to \$125.00. Fruiting six months out of eight set same year.

We have grown this Wonder Berry for 12 years. The huge size of the berries are truly marvelous. Just like little apples. Nine Strawberries will top a quart box.

The largest berries on record, and the nearest perfect in every way, size, color, sweetness, flavor and hardiness. Mastodon has a record of 5,520 quarts per acre. Sure an ideal berry. Easy to sell from its appearance alone. A fancy berry in the

truest sense of the word. For a quick money crop, plant the Mastodon this spring, just as early as your ground can be worked. Earlier the better. They are frost proof. Keep off the buds for the next 60 days and then let them bear a full crop of fruit for you, until snow. Then another big crop next spring, 1939.

Our plants are all grown on new ground this year which means lots of extra fine roots. True to name and plants that are certified by the state of Michigan and Indiana. Prices always reasonable. Fresh dug, hand cleaned and tied with red string. Plant supply very scarce this year so act wisely and ORDER EARLY.

## Champion Everbearing

We are the oldest nursery in New Buffalo. As originator of the Champion Everbearing in 1914. In 1920 we picked \$2,059.20 worth of Strawberries from one acre set and harvested in the same year, which holds all records in United States. Through this success of ours, eight nurseries sprang up here. New Buffalo has the record of the most nurseries. We grow, pick and sell more Everbearing Strawberries to the roadside trade than any other place in United States. Champion Everbearing bears large aromatic flavored Strawberries of deep dark red as sweet as honey. The richest flavored Strawberry. An old standby for many of our old customers. Practically any soil that will grow a good garden crop will grow fine Strawberries.

## New Gem Everbearing

Why wait a whole year, when GEM, THE QUEEN OF THE EVERBEARING, will give you luscious fresh Strawberries for your table all summer long from plants set same year? In our test we found this variety to hold its extra large size throughout the season. The berries have a good flavor and are very firm and hardy. Ripens evenly. Berries are sparkling bright red clear through. Gem is well named. It could be called faultless. So far we have found no fault. Gem will bring you big crops and large profits all

summer and fall. No more lean years when you plant the Gems, as they rebud again if killed by frost. You will never appreciate the fruit of the New Gem until you see these large, sparkling jewels clinging on your own vines. Try out this new outstanding commercial variety this season. A new sensation of the Strawberry world.

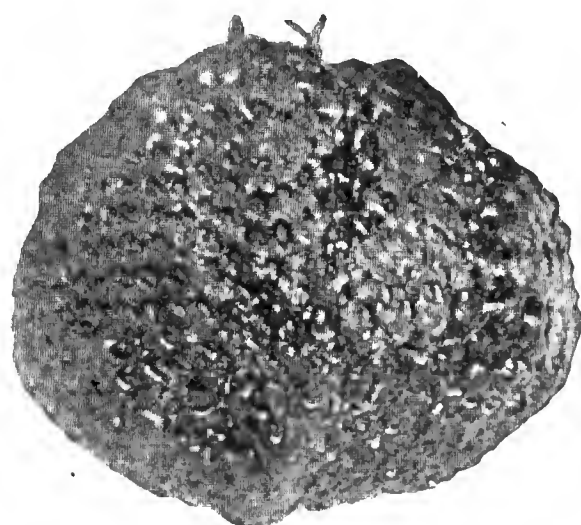

For field planting. Set plants 12 inches apart in the rows, with rows 3 feet apart. Gardens can be set 12x24 inches. GEM tied with black string in the field; no chance of mistake.

## New Bush Everbearing

This peculiar Everbearer grows on large bushes 10 inches high, 15 inches across. We counted 15 fruit stems loaded with fruit from one plant. Entirely unlike any other Everbearer. Multiplies its new plants from crowns. Owing to this it is very productive. Berries large as Mastodon. Some specimens larger, but honey sweet. Finest quality. Ripen up even with attractive dark red color. Bears 60 days after set out. A real giant berry. The Wayzata, Rockhill and our BUSH Everbearing we believe are identical, all the same variety. Plants very limited, so order early.

## Catskill

Catskill has a record with us this past season for heavy fruiting. We picked eight quarts of Strawberries without moving any more than what we could reach. Fruit super large, next to the Fugiema. 18 berries filled a quart. Beautiful dark red Strawberries that are sweet and juicy, different and satisfying. A flavor that you will never forget. Catskill also will increase your profits with the fanciest Strawberries that you have ever seen before. With proper care any soil will yield up its riches. I would not fail to plant Catskill this spring. Hand cleaned, state certified, new ground plants. Tied with lavender string.

## Fairfax

An outstanding Strawberry of the highest quality. There is something indescribable about Fairfax. Its rich, sweet flavor commands admiration from our roadside customers. Many of our customers say that Fairfax, Dorset and Catskill have produced the most magnificent berries they have ever seen. So enjoy real Strawberries. The U. S. Dept. of Agriculture should get a lot of credit for this wonderful variety. Fairfax has large fruit stems and the fruit matures in clusters. Rich and very sweet. Flesh dark red and juicy. Dessert quality very high. Berries 6 inches around, two and one-half inches across. Only 24 berries fill a quart. Picked 8 quarts from a 19-foot row. Good shipper and is medium early. New ground plants. Tied with gray string.

## Premier

Premier is a berry without a fault and with perfect satisfaction wherever grown. One week earlier than any other variety in most localities. The Premier berry is medium dark, large size, above the average and very firm. Solid color, bright and glossy. They are beauties in a quart box. This famous variety is practically frost proof. Under natural conditions over \$1,000 can be made from an acre of Premier. This cannot be done from any other farm crop.

A profit-making commercial Strawberry and a world-wide favorite of proven success. Growers know the value of Premier and the consumers demand it. It is a mortgage lifter for any grower. High acre yields and high acre returns. A good early product on the market or on a highway fruit stand. A sure winner. So plant Premier. Plants tied with yellow string.

# Dorsett

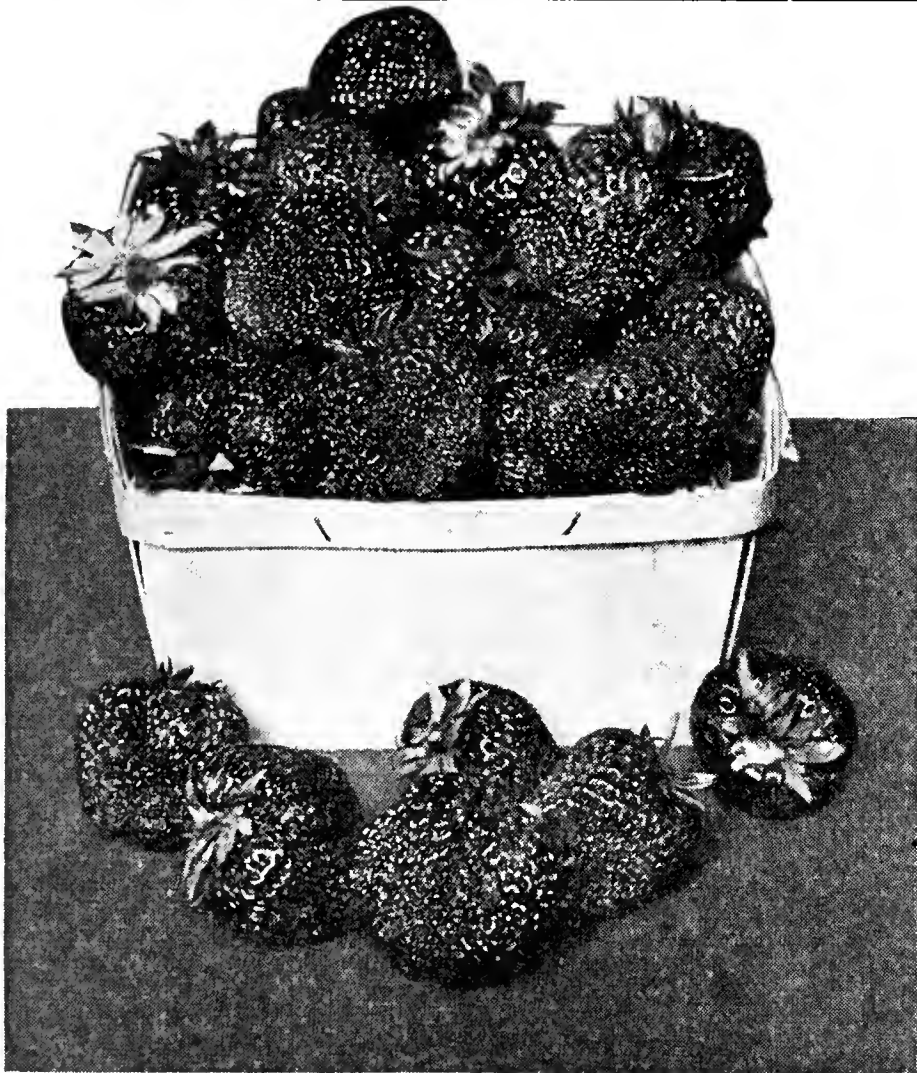

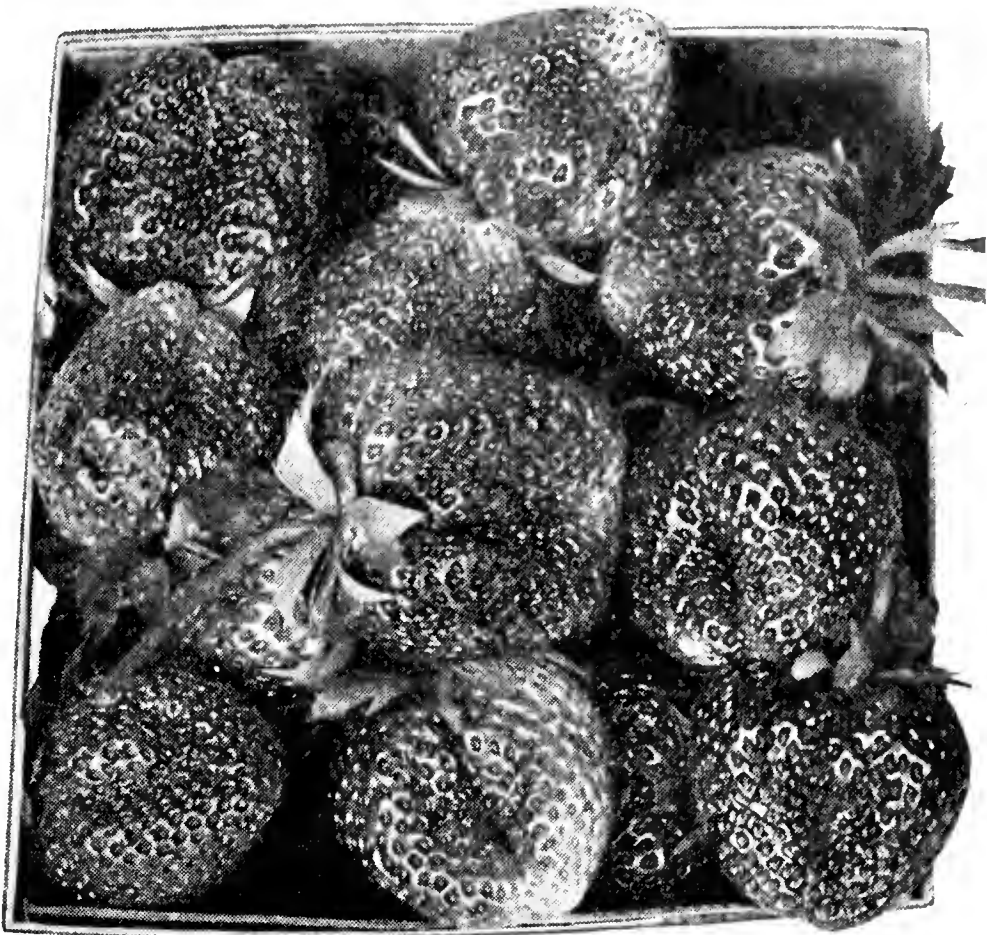

Dorsett is the miracle Strawberry of the age. It was a sensational discovery and has set a new standard of excellence. Topped the market every day last year. They appeal to any buyer as fancy Strawberries. Topnotcher to berry growers in both dry and wet seasons.

The Dorsett has stood every test with us. Berries have a fine pineapple flavor. Easy to hull. Long stems, high off the ground and just loaded with extra fine, perfect, dark red berries. Blood-red inside. It takes only 23 of these fine Strawberries to fill a quart.

Has a record of over 11,000 quarts per acre. Fruit very large, conic in shape and a color of bright red. Its flavor is mildly sub-acid, aromatic, juicy, sweet, and very pleasing. Dorsett, Fairfax, Oak Hill Special and Premier about the same picking records of over 11,000 quarts per acre.

You will not be disappointed at fruiting time with any of these varieties. From all reports, Dorsett will be a prize-winner and a money-maker for berry growers. Our customers are having wonderful success with this variety. Certified new ground plants. Tied with orange string.

# Ambrosia

We are convinced that this astonishing new variety is the largest and best extra late Strawberry grown. Choice Strawberries, 27 to 33 berries fill a quart box. Rich sparkling bright red berries that are sweet and luscious. A bigger yield of frost-proof Strawberries that ripen as late as July 3rd after all other varieties are gone.

Ambrosia was a real eye opener to our Strawberry customers at our roadside fruit stand.

Due to our heavy planting this spring, plant supply is very limited. Grow your own plants and put your idle acres to work with this faultless late Strawberry. Tied with blue string.

# Black Strawberry

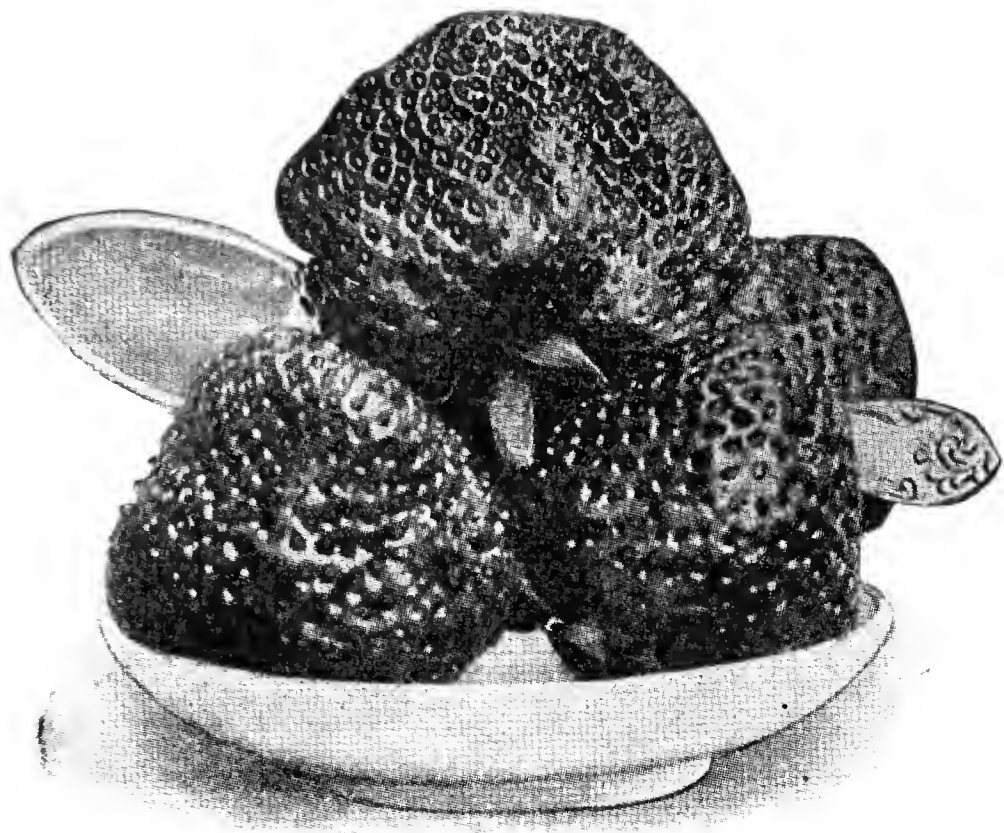

Here is one of the finest quality berries that we know of. When you bite into the Black Strawberry with your eyes shut you will think it is a nice big black sweet cherry instead. It is truly a leader when it comes to delicious flavor. When it comes to size, color, flavor and heavy yielding, all in one variety, then we think the Black Strawberry is an ideal variety. Perfect berries and lots of them. Solid clear through—and a flavor that no other Strawberry has. We urge you to try our superstrain Black Strawberry certified new ground, double root system plants.

# Fugiema

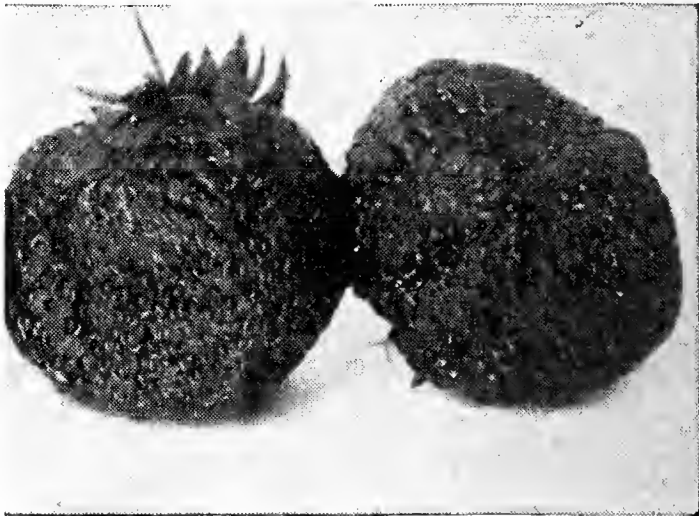

Fugiema is a new variety from Japan. We are deeply impressed by its fine strong growth, productiveness, quality and flavor. Fugiema's outstanding characteristic is the enormous size of the fruit. This berry is well named. Owing to its large size, it is named after the largest mountain in Japan. Fugiema has a record with us as the largest Strawberry that we have ever seen or grown. Last year we found 14 berries that filled a quart box. One berry measured 7½ inches around, 2¾ inches across, and weighed 1¾ ozs. Ripe June 19th. Plant Fugiema this spring and surprise your friends with a real SUPER-GIANT STRAWBERRY.

Fugiema will be tied with green string for your protection so you will not get them mixed.

# Williams' Late

We have been working on this variety for a long time. We are well pleased with this variety as a super Strawberry in size as well as being extra late. Both plant and berries are extra large. Easy berry to pick because the boxes fill up in a hurry. Williams' Late have a delicious flavor. Extra sweet. A great seller at 25c a quart at our roadside stand late in June last year. Try this amazing late variety this year. You are absolutely sure of future profits if you plant Williams' Late.

# Oak Hill's Special

This wonderful berry is handsome in appearance, very large, round and smooth. Beautiful rich red color. Grown on long fruit stems, 8 to 10 inches long. Thick as a common slate pencil. Plants grow from 12 to 15 inches high.

From 350 plants we picked 150 quarts of Strawberries from one picking. Our berries were extra large throughout the berry season. We got 25c per quart; never had enough. Think of it, \$37.50 from one picking; 350 plants.

This is our favorite Strawberry. Extra sweet with two big bites to each berry.

Real appetizers, large as a small peach with nature at her best. They sure are giants, both plant and berries. Hand cleaned plants, tied with purple string.

## Thompson Late

Thompson Late is another new variety that every Strawberry grower should try out. Last year it did exceptionally well. One of the most productive of all Strawberries that we have grown for a long time. Fine for sandy soil. Berries excellent in appearance and quality. Vines simply loaded with large, bright red Strawberries that were a real joy to pick. In over 20 years of growing Strawberries we believe that we have the three best late varieties grown. Thompson's Late, Williams' Late and Ambrosia.

## New Blakemore

Originated by the United States Department of Agriculture. Tested to be one week earlier than Premier. Blakemore has proved to be superior as a market variety. Easy picking and capping qualities. Berries bright red color, tough skin, firm flesh, solid center, with excellent flavor. Produces runners in abundance. Blakemore has the edge on all strawberries, as it tested to be the earliest in most localities. The first Strawberry on the market at a top price. Plant certified Blakemore for bigger farm profits this spring.

All seed orders are postpaid.

# New Logan Black Raspberry

It is hard to describe all the good qualities of the new Logan Blackcap. This is the most dependable variety grown. Almost immune from the virus diseases. Ripens a week to ten days earlier than Cumberland. Ripens its crop of fine glossy black berries quickly and does not string out over a long period. This means they market readily at good prices, before Cumberlands ripen. New Logan will sure gain popularity among growers who depend on Black Raspberries for their livelihood.

# Asparagus Roots

**MARY WASHINGTON.** A new pedigreed strain, rapidly replacing all other varieties. U. S. Department of Agriculture introduced this famous new rust-proof variety after many years of scientific breeding. This remarkable strain has long mammoth tender shoots, unopened, and do not start to leaf out even when they are 2 feet high. Why not have the best, earliest and most delicious vegetable from your garden. When snow goes, asparagus comes. One planting will last 20 years. Start now.

**Heavy one-year-old roots: 25 for 30c; 50 for 50c; 100 for 90c; 300 for \$1.95; 500 for \$2.95; 1,000 for \$5.90. Heavy two-year-old roots: 25 for 40c; 100 for \$1.25; 300 for \$2.95; 500 for \$3.95; 1,000 for \$7.90. Jumbo roots, 4 yr.: 6 for 45c; 12 for 75c; 25 for \$1.00.**

## Peach Flavored Rhubarb

Plant Rhubarb and Asparagus roots if you want the first from the garden. Early Rhubarb brings big money for spring pies and fresh table sauce. Stalks extra large, very tender and mild flavored. About 12 to 25 plants for family use. Easily grown.

## Everblooming Chrysanthemum Pink Cushion

Everblooming Pink Cushion Chrysanthemum is the latest in flower creation. Hardy—never winter-kills. Blooms 5 months earlier than any other variety.

Each plant a whole bed of flowers. 1500 to 2500 perfect, shapely, 2-inch blooms on one single bush. Brilliant deep rose-pink changing to mauve-pink with yellow centers. The dwarf of Mums, not over 10 inches high. Plant in bloom resembles the Azalea. Sold under many names. This hardy early blooming perennial created quite a sensation at our nursery from early May until late in November. It was a real show, and brought exclamations of wonder and delight from those who saw it.

Every bloom is a beauty. This wonder plant will bloom this year. After once planted you can amaze the flower world with a bushel size plant. Here is one plant that should be in every garden. Without question it is the world's finest, earliest and best bloomer. Plants ready in April usually with buds.

## Giant Dahlias

The GIANT Dahlias that we offer are the very "BEST BY TEST." Dahlias are the easiest and most popular summer and autumn flowers to grow. Simply gorgeous. A wonderful combination of tints and colors, which attracted much attention at our nursery from July until the last of October. Blooms like this must be seen to be fully appreciated.

**BARBARA REDFERN**—A large massive bloom, 10-12 inches across. Glistening old rose combined with old gold. Fine for cut flowers. Extra large blooms and very attractive.

**EUREKA**—A Giant WHITE BLOOM 8-10 inches on long 3-foot stems. Fine for cutting. A wonderfully good bloomer. The world's best white Dahlia grown. A ribbon winner wherever shown.

**JANE COWL**—An extraordinary Dahlia. Huge glistening bronzy buff 10-inch blooms. Brilliant gold petals twisted and curled. Very artistic. A real choice Giant Dahlia to grow. Awarded many sweepstakes and silver medals. Do not fail to grow Jane Cowl if you want a winner. Super-fine.

**JERSEY'S BEACON**—A succession of monstrous size flowers from early until late. Size 10-inch. Long stems. Bright scarlet, reverse buff with two-toned effect. Looks like a giant red from the distance. One of the most extraordinary varieties in cultivation, flowering early and continuously until frost. Do not fail to grow Dahlias this year. The easiest and the most attractive flower to grow.

**LAVENDER GIANT**—Size 10x3 inches. Lavender of finest form, on long stiff stems. Perfect blooms and lots of them from August until frost. Our favorite Dahlia. The daintiest Dahlia of all.

**PRIDE OF STRATFORD**—Large flowers of a brilliant shade of cadmium-orange shading to light orange and yellow at base. Good bloomer for cut flowers. One that will always please.

**WM. H. HOGAN**—The best red and white striped Dahlia that we ever saw. If you like an odd as well as a beautiful Dahlia here is one that will be hard to beat. Each bloom is a bouquet. About 10 inches. Long stems. Free blooming. Very much admired.

**25c each. One of each, 7 in all only \$1.00**

**15 mixed color Giant Dahlias. Our choice 75c**

## New Giant Dahlias

### RED STAR

The showiest, most attractive Dahlia grown at our Nursery. A Dahlia when once seen everybody wants. Red Star is something unusual and different. You will grow Red Star primarily because you will love this Pointsettia flowered Dahlia. The most brilliant shade of Bright Red one could wish for. Grows 4 feet high and 4 feet wide. Very bushy, good thrifty growth. Will not blow over. Fine for Hedge Row. Have found 55 blooms with 164 buds on one bush at one time. Should be in every garden.

**KING OF THE BLACKS**—If you want one of the very finest Dahlias you will want the King of Blacks. Blooms giant in size and lots of them. Dark rich velvet red, almost black. Bush is ideal. Low and spreading. The only Dahlia at the Chicago World's Fair to bloom from August 1st until frost. A first prize Dahlia. A beauty that will stop you and make you look again.

**THOS. A. EDISON**—A gorgeous royal purple Dahlia with a sheen of velvet. A very lovely dark shade. We had many blooms at a time that were 11 inches across on long stems. A very good bloomer. The best purple Dahlia grown. If you like extra large blooms do not miss this one.

**LAURA MORRIS**—Size 10x3 inches. The perfect deep yellow Super-Giant Dahlia. Tall grower—free bloomer. Attracts immediate attention.

**HEART OF MILWAUKEE**—The world's outstanding Dahlia. Selected for the highest award, at the Chicago World's Fair. Gigantic 10 to 12-inch blooms of apricot-gold on stems 2 to 3 feet long. Bulbs of this variety sold as high as \$30.00 a few years ago. This one is a dandy. Do not miss it.

**THE MONSTER**—If you like them large and odd, do not miss this one. Size 10x4½ inches. Amber-yellow, orange and pink. Must be seen growing to be appreciated.

**PRINCE OF PERSIA**—Size 11x5. A very spectacular Dahlia sensation. Rich glowing cardinal-red. Very vigorous. A real giant.

**ROBERT SCOTT**—A very large beautiful Apricot-Yellow with Rose shadings, well formed, early flowers on long stems. One of the finest Dahlias. If you will plant the above 8 varieties you will have your friends flock to your garden to see them as they do here at our Nursery.

**One New Super Giant Dahlia free to try out and one of each variety above—9 in all—only \$2.35**

## The Ball Dahlias

**SNOWBALL**—4x3. Round, white and a continuous bloomer. A marvelous flower. The bushy plants are just white with blooms on long stems.

**LAVENDER BALL**—4x3. Round as a ball. Good bloomer and fine for cut flowers. This beautiful color will always attract attention.

**RED BALL**—An exceptionally good dark red of perfect form. Bushes large with many blooms. Good for landscaping. Does not blow over. Red Ball will turn failure into success. A garden favorite.

**BRONZE BALL**—4x3. Perfectly round. A very free bloomer, 20 to 30 beautiful reddish bronze flowers at one time. The above four are the very best Ball type Dahlias grown. Highly recommended.

**4 Tubers 40c; 8 for 75c. 4 of each variety, 16 for \$1.25**

# Aunt Mary's Sweet Corn

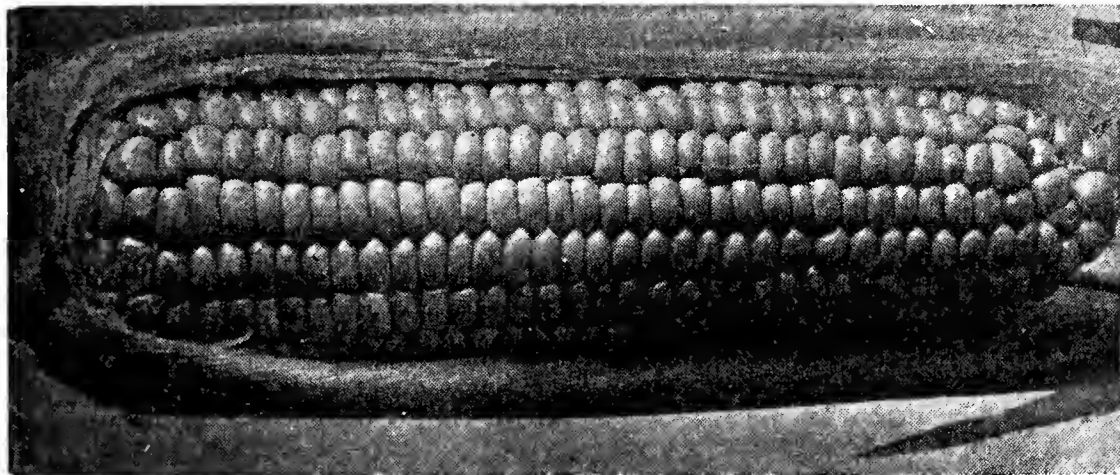

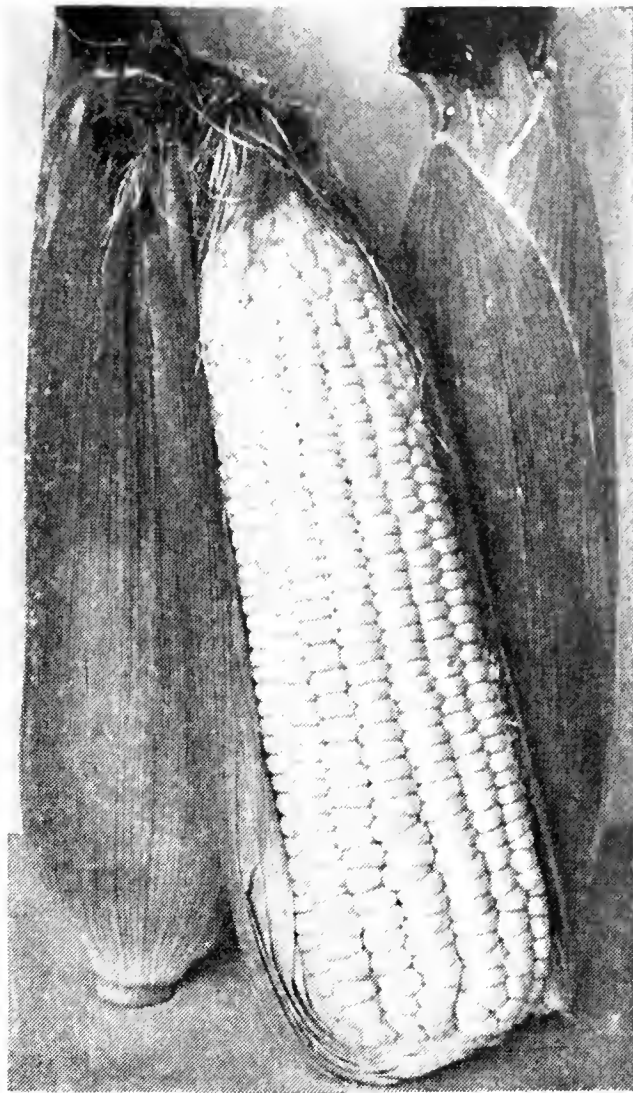

Here is something that is extraordinary in sweet corn. The first seed dates back to the Indians and Pioneers of 1812. This seed was treasured and very carefully guarded and went from one generation to another. It was a gold mine to them at 30 cents per dozen for all they could raise. The first seed sold to the public was at \$17.50 per pound.

It was just pure luck that we were fortunate enough to get some of Aunt Mary's Sweet Corn. They claim it is the world's best Sweet Corn and we think they are right as it is the best and sweetest corn we have ever grown. The only corn in the world that does not get tough, stays in milk so long that it requires artificial heat to cure it for seed purposes. Stalks grow large with two extra large ears with kernels of pearl shiny white.

This past summer we sold Aunt Mary's Sweet Corn only by the ear to our roadside resort customers to try out. Their reports were, "That is the corn we want next year. Why did you not plant more? Why tantalize us with one ear? We want it by the dozen."

This Sugar Corn will be well advertised by the people who eat it. The first grower in any locality will outsell his competitor with extra profits. A lot is said of the old and new varieties but here is one case the old is the finest and sweetest corn grown. The real truth about Aunt Mary's Sweet Corn sounds like a "fish story" but we hope to prove to you the merits of the oldest Sweet Corn in the world. Seed very limited this year. Postpaid.

Our New Packing House

Hello Folks

## A Message From Oak Hill Nursery

**A**S ANOTHER planting season is just before us. We take great pleasure in presenting you with our Twenty-first Annual Catalogue. Describing our hardy northern grown plants and seeds. We list only the best by test. It has to be extra good or we cannot afford to grow it. Our high class summer resort and commercial trade demands the best. We can easily say we list America's finest varieties in one catalog. Our catalog is based on facts and not on gay colored paper. Honest information, a successful grower, satisfied customers is our best advertisement. My 21 years of experience was in growing Strawberries, small fruits, Flowers and seeds. We have tried and tested hundreds of new varieties of plants and seeds and have found many worthless. My experience had taught me that all that glitters is not gold. Each of my twenty-one annual catalogs are sacred to me as they hold within the joys and success that we have had with over Thirty Thousand satisfied customers. As we sell by mail, we are as near to you as your mail box. So why pay more when you can buy direct from a grower that grows all of his own plants and seeds. We do not buy from every Tom, Dick, and Harry as so many Nurseries do just to fill your order. All our Strawberry plants are of the finest quality and grown on new ground that has not been touched by a plow until the spring of 1937. The finest plants that nature and man alone can grow. All fresh dug, hand cleaned, ready to set out and tied in bundles of 26 each. Different varieties are tied with different colored strings. There is no chance of mistakes by this system. Plants are 100 per cent true to name when you buy from Oak Hill Nursery. Think twice and order wisely. They are certified by the State of Michigan and Indiana. My Personal Supervision assures you satisfaction whether your order is large or small.

Yours very truly,  
EDW. L. LUBKE, Prop.

## New Burbank Tomato

This is one of Luther Burbank's marvelous new creations. A Tomato by far the earliest and best we have ever grown. Just think of it, from seeds planted in open ground will bear fruit earlier than plants from a hotbed. Fruit ripe week to ten days earlier than any other extra early Tomato known. Ripens up perfectly without crack, spot or blemish. Color bright red, and smooth. A continuous bearer throughout the season. A firm, large To-

mato of superior quality. Fruit has no open cavities. Seeds are few and small. Slice solid as a beefsteak. Plants resist wilt and other Tomato diseases. Unlike other Tomatoes, the skin peels freely from the rich, firm flesh. If you want a real early Tomato this year, then do not fail to plant this wonderful BURBANK TOMATO. WORLD'S EARLIEST. Packet about 500 seeds; ounce about 7,500 seeds.

## Lubke's Early Special

Have tested many varieties but found Burbank, Lubke's Special and Early Dawn the three best tomatoes grown. Lubke's Special is just as early as Burbank and will bear wonderful fruit until cut down by frost. Good size until end of season. The tomatoes are round, smooth, solid, large size and free from cracks. Form in clusters of four or five. The quality and flavor are beyond criticism.

## Early Dawn Tomato

Early Dawn is an extra early, smooth globe shaped, bright scarlet tomato. Exceptionally attractive and productive. Was a Gold Medal Winner in 1935. Its rare flavor and beauty is what sold Early Dawn to our customers at our roadside fruit stand. You too, will like it immensely. After 3 years of testing with us, we find Early Dawn a very profitable variety to raise.
